

Round Valley Indian Health Center

COVID-19 MASS TESTING UPDATE

We would like to thank the Community for their active participation in the Community mass testing for COVID-19.

Please understand that due to the quick spreading nature of the virus it was essential that we began our testing efforts in a focused manner. We are working collaboratively with many organizations to identify, isolate and contain this virus. The Mendocino County Public Health Department completed 150 tests and will be back on Wednesday, April 29, 2020 to conduct additional testing.

**Drive-Thru testing will be available
Wednesday, April 29, 2020 at the RVIT Housing Authority**

Please call (707)983-6181 ext.117 to schedule your appointment.

This step is very important as we will be able to start your paperwork prior to your arrival making your processing time substantially less.

Planning is underway for additional Drive-Thru testing. More details to come.

**If you are experiencing COVID -19 symptoms
Fever, cough, shortness of breath, flu like symptoms
Please call the RVIHC Triage nurse at
(707) 983-6181 ext.142**

We want to extend a Big Thanks to the Housing Staff for assisting with site preparation and the Round Valley Indian Health staff for their continued dedication during this time.

Finally, we ask that everyone continue to shelter in place, practice social distancing and wear face coverings in public.
